About Me

- Working as a web developer in Ruby on Rails, since 2012.
- Having 5 years of work experience at TATA Consultancy Services Ltd.
- Loves to code in Ruby compared to Java/Python/C++, as it feels more like English.

On Social Media as a Developer

https://github.com/sriramk89   https://stackoverflow.com/users/1520572/sriramk89

Technologies

- **Languages:** C, C++, Java, HTML, CSS, JS, Ruby, Rust, Python

- **Web Technologies:** Ruby on Rails, Servlets & JSP, Vue JS, Django

- **Databases:** PostgreSQL & MySQL (ORM with Rails), Oracle

- **Version Control System:** Git, SVN

Work Experience

CSC Computer Education (6 months)

- Learn and share the knowledge.
- Be aware of the audience and impart knowledge accordingly.
- Stay grounded to accept questions for which I do not have answer and have the fierce to find the right one by the next day.

Work Experience

TATA Consultancy Services Ltd. (5+ years)

- Realized that programming is not about a language, but about the thought process.
- Learned my new love of programming languages, Ruby.
- Learned and worked on technologies like JavaScript, JQuery, Slim and CoffeeScript.
- Also, worked as technical support resolving user tickets within SLA.
- Worked on exchanging data between two Rails websites using API, notably.
- Worked on out of comfort domain, *Infrastructure*.
- Enjoyed learning and working in VueJS. Designed a basic course and developed an application with test cases for assessment purposes.
- Working on integration of various applications through various technologies namely SAML and API.
- Owner of a micro-app in current project application.
- Loving to setup new questions in Git, thinking about the probable ways of users cheating the validation process, for assessment purposes.

Academic Experience

- Completed X (2005) & XII (2007) from Prince Matriculation Higher Secondary School, Chennai.
- Did a programming course in C, C++ & Linux from CSC Computer Education, Chennai, in mid-2007.
- Went through Java & J2EE programming course from NIIT, Chennai, in early 2010.
- Completed B.E., CSE from Prince SVP Engineering College, Chennai, in 2011.
- On interest, did a course on J2ME and Android basics from NIIT, Chennai, in late 2011.
- Completed M.E., CSE from SSN College of Engineering, Chennai, in 2016.

Passions, Interests & Hobbies

- Likes to draw, create working items out of trash such as calendar for eternity.
- Loves to do photography and recently got crazy with Nightsky/Milky way/Timelapse.
- Watching movies/series.
- Loves to teach/inspire people about concepts that I have in mind.
- Developing applications for personal needs.
